ACSI ORGANIZING COMMITTEE

Dr. Swapnil Shah
President

Dr. Nitin Barde
Secretary

Dr. BS Chandrashekar
Vice President

Dr. Pradyuman Vaidya
Vice President

Dr. Nandita Patel
Joint Secretary

Dr. Shukun Dashore
Joint Secretary

Dr. Nitin Jain
Honorary Treasurer

ACADEMIC COMMITTEE

Dr. Pradeep Kumari
Academy Chairperson

Dr. Dipak Kulkarni
Academy Convenor

Dr. Biju Vasudevan
Scientific Coordinator

CONFERENCE ORGANIZING COMMITTEE

Dr. T Salim
Conference Chairman

Dr. Naguesh Kakode
Conference Secretary

Dr. Amit Kelkar
Conference Treasurer

Dr. Fabin Thanveer
Joint Secretary

Dr. Geetha
Joint Secretary

Coral — Hall 1

Pearl — Hall 2

Shell — Hall 3

Sunset Pavilion — Outside Hall

Session titles & topics only · faculty names omitted

DAY 1 Thursday · 3 September 2026				
Time	Coral Hall 1 — Mega / Plenary	Pearl Hall 2 — Regional Anatomy	Shell Hall 3 — Procedures · Lasers · Hair	Sunset Pavilion Outside Hall — Panels · Industry
1030-1300				
1300-1400h	L U N C H			
1400-1515h		Regional Anatomy 1- Ear - Regional Anatomy of Ear and Regional anesthesia for Ear surgeries - Management of Ear lobe Keloids - Fillers for ear lobe - Auriculoplasty plus Ear piercing - LHR for hair in the ear	Non-Transplant procedures for hair treatment - Topical & Oral Minoxidil in the management of alopecia - Antiandrogens for Patterned hair loss - PRP, GFC & Microneedling for hair loss - Role of Micropigmentation & Camouflage in hair loss - Cosmeceuticals & Nutraceuticals for hair loss - AGA Mimics and their management	Practise management session - How to learn your way through Aesthetic procedures as a beginner? - Which Lasers should you presently be investing at various stages in your Dermatoprocedural career? - How would you set up your Dermatological OT as a beginner?
1515-1700h		Regional Anatomy 2- Lips & Perioral area - Applied anatomy of lips & Lip shaping with Botulinum & fillers - Management of lip vitiligo - Lip lightening procedures - Surgeries around mouth · Do's and Don'ts - Perioral pigmentation management - Mucosal/Intraoral biopsies	Optimum uses of Lasers in Dermatology - Lasers in Pigmentary Disorders - Lasers for scar revision - Mastering severe inflammatory nodular acne with Lasers and devices - Lasers for hair removal - Lasers & EBD for Rejuvenation - Lasers for vascular lesions - Picosecond and the latest Laser technologies - A-Z Indications of Ablative CO2 in Dermatosurgery	Holistic approach approach to management of acne scars
				Industry symposia
1700-1730	B R E A K			
1730-1830	Q U I Z F I N A L S			
1845 onwards	I N A U G U R A T I O N F O L L O W E D B Y D I N N E R			
Quiz Prelims- 1 hall morning				

DAY 2 Friday · 4 September 2026				
Time	Coral Hall 1 — Mega / Plenary	Pearl Hall 2 — Regional Anatomy	Shell Hall 3 — Procedures · Lasers · Hair	Sunset Pavilion Outside Hall — Panels · Industry
0630-0730	Early Morning Gyan- Practise management tips with Yoga	Early Morning Gyan- Practise management tips with Yoga	Early Morning Gyan- Practise management tips with Yoga- D	Early Morning Gyan Practise management with Yoga
0800-0900	Award Paper	Free Paper	Free Paper	
0900-1015	Mega session- Face 1 - Regional Anatomy-2 - Applied Anatomy of face- For Scars, pigmentation, aesthetics - Approach to Atrophic Scars on the face - Tackling Hypertrophic scars on the face - Non-Laser Procedural management of spotted pigmented lesions on face - Lasers for spotted pigmentation on face- moles, tattoos, naevi	Precision procedures - Nerve Biopsy - Sclerotherapy - Intralesional Cryo & Radiofrequency - Dimple creation - Microblading - Cryotherapy	Whats new in Trichology? - Whats new in Medical Hair loss management? - Whats new in nutraceuticals & Cosmeceuticals for hair? - Whats new in Hair transplantation techniques?	
			Panel discussion: Myths and ethical aspects of Social media marketing	
1015-1130	Mega session- Face 2 - Tackling facial pigmentation with non-Laser procedures (Peels, PRP, etc - Facial Rejuvenation - different procedures (boosters, medi-facials, PDRN, Exosomes, Threads, MDA, Lasers - Non-invasive treatments for Face lifting- Microlift- Endogenous Laser - Procedural management of double chin - Lasers for diffuse facial pigmentation	Hair Transplantation - Anesthesia for hair transplantation - FUE for scalp hair transplantation - Modifications of FUE - Non scalp hair transplantation - Vortex hair transplantation - Complications of Hair Transplant	Whats new in Aesthetic Dermatology? - Architectural Skin Rejuvenation Beyond Inflammation - Latest optimum way of assessing the face	
			Industry Symposia	
1130-1200	Plenary- Behl	Plenary- Behl	Plenary- Behl	Plenary- Behl
1200-1315	Plenary- ACSI Innovation Award	Plenary- ACSI Innovation Award	Plenary- ACSI Innovation Award	Plenary- ACSI Innovation Award
1315-1400	L U N C H			
1400-1515	Vitiligo Reverse classroom- 1 (video shown- audience ask questions) - Punch Grafting - Suction blister - Epidermal cell suspension - Follicular suspension - Hair transplantation in vitiligo	Regional Anatomy- 3: Nose - Applied Anatomy of nose - Non-surgical rhinoplasty with threads, neuromodulators and fillers - Flaps for the nose - Miscellaneous lesions on nose- Open pores, trichostasis spinulosa - Alar plasty	Botulinum & Fillers - Botulinum Toxin for upper face - Botulinum Toxin for mid and lower face - Non cosmetic uses of Botulinum toxin - Fillers for Upper& Middle face - Fillers for Lower face- Rasya Dixit - Combinations with Fillers	Whats new in General Skin care? - Whats the latest in sun protection as related to procedural dermatology? - Prescription Skin care - Wound care after procedures- Whats new?
				Industry symposium
1515-1645	Vitiligo- Reverse classroom- 2 (video shown- audience ask questions) - Difficult site- hands and feet - Difficult site- genitalia and lips - Challenge- Extensive BSA involvement - Challenge- Inadequate improvement with surgical techniques - Challenge- Unstable vitiligo & Total Depigmentation - Whats evolving in Vitiligo Pathogenesis paving way for Treatment novelties?- Discussion	Regional Anatomy 4- Scalp - Treatment of Nevus sebaceous and scalp growths - Hair restoration with injectables (includes threads - EBD & newer procedures for androgenetic alopecia - Procedural management of localised alopecia - Management of cicatricial alopecia - Stromal Vascular Fraction for Androgenetic alopecia	The Elixir of Regenerative Medicine - Exosomes & biomimetic peptides - PDRN and PN - Nanofat and SVF - Blood-derived regenerative preparations - Paradigm shift in Extracellular Matrix Rejuvenation: Moving away from Inflammation to Physiologic integration - Age specific anti-ageing treatments. Personalising antiageing therapies from 30's to 60's	Whats new in common Procedures & Devices? - Whats new in Microneedling - Whats new in Energy Based Devices? - Whats the present role of peels in Procedural Dermatology
				The speak - How systems create freedom for clinic Owners? - Role of regenerative medicine in Aesthetics & Dermatosurgery - My top tips in Procedural Dermatology
AGBM: 1500-1730H- Boardroom				
1800hrs onwards	Sundowner with Idea surfing followed by Dinner- Audience send their fresh ideas for discussion by . Idea is to motivate innovations Surgery	Sundowner with Idea surfing followed by Dinner Lasers & Devices	Sundowner with Idea surfing followed by Dinner Injectables	Sundowner with Idea surfing followed by Dinner Regeneration

DAY 3 Saturday · 5 September 2026				
Time	Coral Hall 1 — Mega / Plenary	Pearl Hall 2 — Regional Anatomy	Shell Hall 3 — Procedures · Lasers · Hair	Sunset Pavilion Outside Hall — Panels · Industry
0630-0730	Paathshaala 1 & 2 How to master basics of Dermatosurgery? K	Paathshaala 3 & 4 Which Laser & EBD for which Indications & what settings	Paathshaala 5 & 6 How to use Injectables optimally?	Paathshaala Regenerative medicine- Whats on the Horizon?
0800-0900h	W O R K S H O P			
0900-1015	The Petcha Kucha Blitz- Hidradenitis Suppurativa- Only 10 slides per Rapid- Audience asks questions ▪ Supportive & Medical Management - of HS- Vasudevan ▪ Minor surgical procedures in HS ▪ Extensive surgeries & Flaps in HS ▪ Lasers & EBD in HS ▪ Photodynamic therapy in HS	Regional Anatomy 5: Nail ▪ Anatomy Plus Anesthesia for nails ▪ Nail Avulsion surgery ▪ Periungual warts and intralesional therapy for nails-15 ▪ Nail tumours - surgical removal ▪ Lasers For Nails	Skin Cancers ▪ Assessment of skin cancers ▪ Conservative management of skin cancers ▪ Flaps and grafts for skin cancers ▪ Mohs micrographic surgery for skin cancers	Combination therapies in Procedural Dermatology ▪ Combinations for Pigmentation ▪ Combinations for Hair treatment ▪ Combinations for atrophic scar treatment ▪ Combinations for keloid & Hypertrophic scars treatment?
1015-1130	Journal Club (7 Residents present recent advances papers each- with for questions by panel) Residents chosen based on paper selected by them and their CV- with papers published, awards received for papers, posters taken as criteria) Prize for 2 best presentations	Regional Anatomy- Periorbital region 1 ▪ Xanthelasma & Growths on Eyelids ▪ Blepharoplasty & Blepharochalasis management ▪ Periorbital Rejuvenation ▪ Eyelash transplant ▪ Microblading, shaping eyebrows	Derm Jeopardy- The Debate club (15 x) ▪ Regenerative medicine- hype vs reality- hype- Reality ▪ AI use in Dermatosurgery- help or more risk- Help ▪ Dermat surgeon delving into complex surgical procedures- Acquiring new skill or crossing boundaries- (crossing boundaries) Versus (newer skills ▪ Teaching Procedural Dermatology to other branches- Quackery or Holistic Medicine & Large heartedness- (Large Heartedness) Vs (Quackery	Industry Symposia 1015-1100hrs Skin boosters
1130-1230	Foreign each + discussion) ▪ Reading the face before treating it- Aesthetic Face Assessment ▪ Assisted Drug Delivery- Is it revolutionising management? ▪ A practical and evidence based approach to treating scars	Challenging scenarios ▪ Hesitation cuts & Striae ▪ Use of Insulated needles in Procedural Dermatology ▪ Uses of Radiosurgery in Dermatology ▪ Challenging cases in Trichology	Scar revision techniques ▪ Excisions and plasties for scars ▪ Lasers for scars ▪ Injectables for scars ▪ Newer modalities for scar management	Industry symposia
1230-1300	Plenary- Mulekar Oration	Plenary- Mulekar Oration	Plenary- Mulekar Oration	Plenary- Mulekar Oration
1300-1330	L U N C H			
1330-1445	Acne scar management ▪ Subcision, TCA cross ▪ Punch Techniques and grafts ▪ Peels & threads for acne and acne scars ▪ Spot Laser treatment for acne scars ▪ Full face ablation for acne scars	Regional Anatomy 6: Genitalia ▪ Anatomy & Regional anesthesia ▪ Genital Fillers & Rejuvenation ▪ Treatment of genital pigmentation ▪ Surgical procedures for genitalia ▪ Circumcision	Threads & Peels ▪ Basics of Threads & Threads for ptotic face ▪ Threads for rejuvenation ▪ Peels for Pigmentation ▪ Peels for Rejuvenation ▪ Newer peels in Practise	Open house: 1400-1445 Training avenues & Mentorship in Procedural Dermatology
1445-1600	Nightmare session- Complications (▪ Basic dermatosurgery procedures- complications ▪ Laser complications ▪ Injectables complications	Regional Anatomy 7: Trunk ▪ Keloids & Hypertrophic scars ▪ Body contouring Devices and optimizing their use to get proper benefit ▪ Periumbilical rejuvenation and striae distensae ▪ Tackling truncal pigmentation ▪ Body Hair removal	Grafts ▪ Split thickness & Dermal grafts ▪ Fat grafting- Basics & Harvesting ▪ Indications of fat grafting ▪ Body sculpting by lipolysis	Photography Session ▪ Photography tips for a Nature enthusiast ▪ Photography tips for a Procedural Dermatologist- Hands on workshop for photography
1600-1700	Beyond Procedural Dermatology ▪ Lymphedema- surgical management ▪ Transthoracic laparoscopic sympathectomy in hyperhidrosis ▪ Evolution of Laser procedures in India ▪ Fine art of running a skin Clinic: Small details- Big difference- (discussion	Regional Anatomy 8: Hand & Feet ▪ Hand and foot rejuvenation ▪ Palmo-plantar hyperhidrosis ▪ Tackling Corns, warts and callosities the right way ▪ Hand & Foot ulcers	AI in Dermatosurgery ▪ Margin and cancer mapping using AI ▪ AI utility in Aesthetic, Laser & Surgical procedures ▪ Archiving by AI in Dermatosurgery ▪ Where you should not use AI? ▪ Ethics & Regulations in AI use	
1700-1800	Campfire session- Challenging procedural cases (Audience bring their cases- collects them) Cases put to as to how they would manage- Audience raise their queries)
